Mokume Gane war außerhalb Japans so gut wie unbekannt, wobei man die Gründe hierfür generell in „inner-japanische“ und „europäische“ Faktoren trennen kann.. Zum einen war Japan bis 1853 eine fast vollkommen isolierte Insel. Wissen und Können japanischer Handwerker und Künstler zählten zu den am besten gehütteten Geheimnissen des Reiches – vor allem ...

Crown gold is a 22 karat (kt) gold alloy used in the crown coin introduced in England in 1526 (by Henry VIII). In this alloy, the proportion of gold is 22 parts out of 24 (91.667% gold)—and is appreciably less prone to wear than the softer 23 kt gold of earlier gold sovereigns—an important point for coins intended for everyday use in circulation.

Sculpey (often misspelled as Sculpy) is the brand name for a type of polymer clay that can be molded and put into a conventional oven to harden, as opposed to typical modeling clays, which require a much hotter oven, such as a kiln. Until it is baked, Sculpey has a consistency somewhat like Plasticine. Its main competitor is the German brand Fimo.
